

Washdown / Mixing Stations	404-405	Pressure Washing (Cont.)	410-420																																																																																																																																																		
Water-steam washdown station	404	Turbo nozzles	419																																																																																																																																																		
Bronze hot and cold water mixing station.....	404	Nozzle holders.....	419																																																																																																																																																		
Rack for mixing station.....	404	Inlet filter for turbo nozzles	419																																																																																																																																																		
Steam and cold water mixing station.....	405	Water broom.....	419																																																																																																																																																		
Stainless steel hot and cold water mixing station.....	405	Unloader valves.....	420																																																																																																																																																		
Hot or cold water mixing station.....	405	Thermal relief valve.....	420																																																																																																																																																		
Washdown Nozzles.....	406-409	Safety release valve.....	420																																																																																																																																																		
Thermal-Gard™ elevated temperature spray	406	Pressure washer valve.....	420																																																																																																																																																		
Swivel connectors for washdown spray guns.....	406	Braided hose.....	420																																																																																																																																																		
Ball type swivel x hose shank.....	406	Hand crank hose reel	420																																																																																																																																																		
Straight swivel x hose shank.....	406	Garden Hose and Fittings.....	421-436																																																																																																																																																		
Straight swivel x GHT thread	406	Hot water washdown spray.....	407	Hose.....	421-422	Lite washdown spray	407	Fog nozzles	423	Mini spray	408	Hydrant adapters	423	Spray.....	408	Washers	423	Washdown wand	408	Sweeper	424	Temperature indicating spray	409	Water	424	Stainless steel industrial grade spray.....	409	Flexible.....	424	Brass industrial grade front lever spray.....	409	Brass / rubber power flow	424	Pressure Washing	410-420	Heavy duty hot water	424	E-Series hydraulic couplings	410-412	Insulated	424	Spray guns.....	413	Pistol-grip.....	424	Anti-fatigue	413	Twist	424	Pressure	413	Adjust-A-Power	425	Heavy duty anti-fatigue	413	Constant flow nozzle displays	425	Pressure with extension	413	Constant flow nozzle with bumper	425	Pressure with hose, nozzle & lance.....	413	Plain hose nozzle	425	Spray lances and extensions for pressure gun	414	Compression bibb faucet	426	Spray lances	414	Quick connect assembly	426	Dual spray lances	414	Valves	427	Molded grip extensions.....	414	Y	427	Vented grip lances.....	414	Y coupler	428	Telescoping lance and belt for pressure gun	415	Manifold	428	Swiveling quick couplings	415	Back flow preventer	428	Fixed plugs	416	Radiator bibb	428	Sewer nozzles	416	Gooseneck	428	Injector nozzles	416	GHT zinc	429	Line strainer.....	416	Spray valve and hose assembly	429	High pressure spray soap nozzles	417	Spray hose	430	High pressure spray nozzles	417	Garden hose mender	430	Quick connect soap nozzle	417	Standard shanks	430-431	Quick connect spray nozzle	417	Short shanks	432	Multi-pack quick connect nozzles.....	417	Long shank	433	Multi-pack high pressure spray nozzles	417	Garden hose cap	433	Spray nozzle selection guidelines.....	418	Garden hose round nut with knurl	433					Garden hose hex nut with knurl.....	433					GHT adapters	434-436
Hot water washdown spray.....	407	Hose.....	421-422																																																																																																																																																		
Lite washdown spray	407	Fog nozzles	423																																																																																																																																																		
Mini spray	408	Hydrant adapters	423																																																																																																																																																		
Spray.....	408	Washers	423																																																																																																																																																		
Washdown wand	408	Sweeper	424																																																																																																																																																		
Temperature indicating spray	409	Water	424																																																																																																																																																		
Stainless steel industrial grade spray.....	409	Flexible.....	424																																																																																																																																																		
Brass industrial grade front lever spray.....	409	Brass / rubber power flow	424																																																																																																																																																		
Pressure Washing	410-420	Heavy duty hot water	424	E-Series hydraulic couplings	410-412	Insulated	424	Spray guns.....	413	Pistol-grip.....	424	Anti-fatigue	413	Twist	424	Pressure	413	Adjust-A-Power	425	Heavy duty anti-fatigue	413	Constant flow nozzle displays	425	Pressure with extension	413	Constant flow nozzle with bumper	425	Pressure with hose, nozzle & lance.....	413	Plain hose nozzle	425	Spray lances and extensions for pressure gun	414	Compression bibb faucet	426	Spray lances	414	Quick connect assembly	426	Dual spray lances	414	Valves	427	Molded grip extensions.....	414	Y	427	Vented grip lances.....	414	Y coupler	428	Telescoping lance and belt for pressure gun	415	Manifold	428	Swiveling quick couplings	415	Back flow preventer	428	Fixed plugs	416	Radiator bibb	428	Sewer nozzles	416	Gooseneck	428	Injector nozzles	416	GHT zinc	429	Line strainer.....	416	Spray valve and hose assembly	429	High pressure spray soap nozzles	417	Spray hose	430	High pressure spray nozzles	417	Garden hose mender	430	Quick connect soap nozzle	417	Standard shanks	430-431	Quick connect spray nozzle	417	Short shanks	432	Multi-pack quick connect nozzles.....	417	Long shank	433	Multi-pack high pressure spray nozzles	417	Garden hose cap	433	Spray nozzle selection guidelines.....	418	Garden hose round nut with knurl	433					Garden hose hex nut with knurl.....	433					GHT adapters	434-436																																		
Heavy duty hot water	424																																																																																																																																																				
E-Series hydraulic couplings	410-412	Insulated	424	Spray guns.....	413	Pistol-grip.....	424	Anti-fatigue	413	Twist	424	Pressure	413	Adjust-A-Power	425	Heavy duty anti-fatigue	413	Constant flow nozzle displays	425	Pressure with extension	413	Constant flow nozzle with bumper	425	Pressure with hose, nozzle & lance.....	413	Plain hose nozzle	425	Spray lances and extensions for pressure gun	414	Compression bibb faucet	426	Spray lances	414	Quick connect assembly	426	Dual spray lances	414	Valves	427	Molded grip extensions.....	414	Y	427	Vented grip lances.....	414	Y coupler	428	Telescoping lance and belt for pressure gun	415	Manifold	428	Swiveling quick couplings	415	Back flow preventer	428	Fixed plugs	416	Radiator bibb	428	Sewer nozzles	416	Gooseneck	428	Injector nozzles	416	GHT zinc	429	Line strainer.....	416	Spray valve and hose assembly	429	High pressure spray soap nozzles	417	Spray hose	430	High pressure spray nozzles	417	Garden hose mender	430	Quick connect soap nozzle	417	Standard shanks	430-431	Quick connect spray nozzle	417	Short shanks	432	Multi-pack quick connect nozzles.....	417	Long shank	433	Multi-pack high pressure spray nozzles	417	Garden hose cap	433	Spray nozzle selection guidelines.....	418	Garden hose round nut with knurl	433					Garden hose hex nut with knurl.....	433					GHT adapters	434-436
