

Couplings (cont.)	Page #		Page #		Page #																																																										
Oxy-acetylene	472	With saddles	491	E																																																											
Pump hose	599, 600	Drain, external	280, 920	Eccentric Reducers	675, 676																																																										
Quick release	969	Drip leg auto drain	343	Elbows																																																											
Reducer	462, 932	Drum	928	Agri-Lock style	391																																																										
Rigid	972	Faucets	927	Air brake	241, 242																																																										
Safety break-away	105, 106, 149	Gate valves	928	Bauer style	395																																																										
Sand blast	193	Plug wrenches	927	Bevel seat	647																																																										
Sanitary (IX) style	601	Thread adapter	928	BioPharm fittings																																																											
SHD-series	213, 214	Dry		45° Clamp x Clamp	665																																																										
Short shank	381, 382, 384, 388, 1014, 1017	Aviation	103, 104	45° Clamp x Weld	665																																																										
Spray hose	387, 388, 430	Gas	102	45° Weld	665																																																										
Standard	970	Gauges	355, 356, 358, 1095	88° Weld	665																																																										
Steam service	101	Quick disconnects	96, 97, 100, 1047, 1048	90° Clamp x Clamp	664																																																										
Straub	965, 966	Dry disconnect		90° Clamp x Weld	664																																																										
Sure-Lock® quick acting	194, 195	Adapters	94, 95, 97, 100, 101, 102, 104, 1048	90° Weld	664																																																										
Threaded both ends	933	Bayonet style	96, 97, 1047, 1048	92° Weld	665																																																										
U-series	215	Couplers	93, 96, 101, 102, 103, 1047	Cam & groove	58, 59, 60, 90																																																										
Washer seal	163	Manntek	99-104	Clamp fittings	615																																																										
Crimp		Dryers		90° Weld	616																																																										
Brass ferrules	446	Desiccant air	307	180° return bends	625																																																										
Collars	1026	Dual Lock		Coaxial	1031																																																										
Crimped fittings		Locking key	202	Compression	989, 990																																																										
Cam & groove	7, 13-17	Quick-acting couplings	200-202	Drop	1028, 1030, 1031, 1032, 1037																																																										
Sanitary	11, 604, 605, 606	Dust caps		Flare	559, 560, 994, 995																																																										
DIN external crimp stem	604	AG-series	505	Hammer union	177																																																										
True I.D.	1025, 1026	API	1037	Height extensions	1030																																																										
Crimping tools	447-450	Aviation	104	Hose barb	442, 443, 444, 452, 456, 1015																																																										
Cross		Cam & groove	28, 30, 47-49, 80, 183	Hydraulic	553, 554, 556, 557, 559, 560, 561, 563, 564, 566, 569, 962																																																										
Sched. 80 polypropylene	954	CVV-series	539	I-Line/Q-Line	653																																																										
Crows foot type fittings	186-192, 1102, 1103	Dry gas	102	Instrumentation	984, 985																																																										
<b>D</b>		Dry quick disconnect	100	LIQUIfit™	1001-1004																																																										
Desiccant dryer, FRL	307	Gravity drop adapters	1038	Nylon	1015, 1018																																																										
Diameter tape	1071	HT-series	518	Polypropylene	1018																																																										
Differential pressure indicator	323	K-series	503	Push-in	234, 237, 238, 247, 248, 251, 253, 255, 257, 258, 262, 264																																																										
Digital gauges	364	PD-series	525	Side seal fuel delivery	1029																																																										
Disk strainers	72	ST-series	524	Splicer	443																																																										
Displays		TD-series	539	Street	466, 943, 944																																																										
Dixon retail	1079-1108	Threaded	97, 1048	Sweep	616, 630																																																										
Dix-Lock®		T-series	537	90° Weld	630																																																										
Cap	198	VEP-series	527	Threaded																																																											
Quick acting couplings	196-199, 1102, 1105	V-series	513	45°	444, 466, 945																																																										
Dixon Retail Displays	1079-1108	W-series	531	90°	942, 944, 954																																																										
Blue bins	1080	WS-series	534	Reducing	943																																																										
End cap sign	1083, 1089, 1096, 1108	Dust plugs	97, 1048	Side outlet	948																																																										
Garden hose	1084-1089	AG-series	505	Threaded, 90°	442, 452, 465, 466, 943																																																										
Hydraulic	1097	Aviation	103	Tectite™	1000																																																										
Outside air	1101	Cam & groove	50, 80	Tuff-Lite®	1015, 1018																																																										
Pneumatic	1090-1096	CVV-series	539	Engineered fluid transfer																																																											
Poster	1083, 1089, 1096	Dry gas	102																																																												
Pressure washer	1079-1083	Dry quick disconnect	99	Shelf graphic	1083, 1089, 1096	HT-series	518	ADS	155	Sign holder	1083, 1089, 1096, 1108	K-series	503	Accessories	156	<b>D.O.T.</b>		ST-series	524	Outalarms		Air brake tubing	1009	TD-series	539	3 pin cable junction box	156	Push-in fittings	234-239	T-series	537	Caps	156	<b>Double</b>		VEP-series	527	Gauge rods	155	Bolt clamps	491, 580	V-series	513	Open dome adapter	156			W-series	531	Outage gauge	155			WS-series	534	with capacitance probe	151					Spillguard® monitors	152
Shelf graphic	1083, 1089, 1096	HT-series	518	ADS	155																																																										
Sign holder	1083, 1089, 1096, 1108	K-series	503	Accessories	156																																																										
<b>D.O.T.</b>		ST-series	524	Outalarms
