Sanitary Spools

CUSTOM SOLUTIONS. COMPETITIVE PRICES.

Sanitary spools are prefabricated lengths of stainless steel tubing with sanitary fittings welded to the ends.

- · Sanitary process lines can be built without having to use on-site fabrication or welding
- OEM skid packages that have predetermined spool specifications: - Tube O.D., length, end connections, and finish

Sizes

• 1/2" - 4" tube O.D.

Features

- Clamp connection, standard
- · Will fabricate to customer drawings
- · Customer part number/logo can be laser etched on each spool

Materials

- 304 or 316L stainless steel
- Surface finish: 32 Ra I.D./O.D., standard

Most orders ship within 2-3 days after receipt of order
