5000AIRHD Heavy Duty Air Interlock

Heavy duty construction, ideally suited for driveoff protection

Features

- Large air ports allow for high airflow and the fast setting and release of brakes and air operated valves
- · 3/4" diameter stem resists bending
- · Roller end allows for various angles of engagement
- Standard 1/4" NPT air port configuration
- Same footprint as standard air interlocks

Material

- Baylast[™] seal standard
- · Stainless steel screws included

NOTE: We also offer the air interlock with a button end (part # 50000AIHD)
